Important Questions	Answers	Why This Matters:
What is the overall deductible ?	For participating providers \$750 person / \$1,500 family	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible ?	Yes, see below for benefits.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copay or coinsurance may apply
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Medical: For participating providers \$1,500 person / \$3,000 family RX: \$1,000 person / \$2,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, Balance-Billed charges, Health Care this plan does not cover and Non Compliance Pre Cert Penalties	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.JPOFFHIT.claimsbridge.com for a list of UF Health Direct Care participating providers	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copay](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
